Spotlight

The October Speaker's Meeting will feature Larry and Vickie Koernig who will explore with us the evolution of the Native American style flute. Their journey began in Sedona in 2013. Introducing people to the simplicity, joy, and spiritual aspects of playing the Native style flute through workshops, classes, flute groups, talks, and performances continues to be their passion.

Thanks again to social club member and Western Artist Judy Curran for her wonderful presentation last month that took us through the way of life for Plains and Navajo Indians in the mid 1800's. Stay tuned for future information on her next showing that is tentatively planned in November. Specifics to follow in a future newsletter.

NOTICES

You don't want to miss the next two October Social Club events:
